THE PROBLEM

The Customer Intelligence Gap

Data scattered across:

Website

Mobile App

Email

WhatsApp

SMS

Loyalty Systems

Cookies

Devices

Business Challenges

70%+ cart abandonment rates

Fragmented customer identities

Wrong-channel targeting

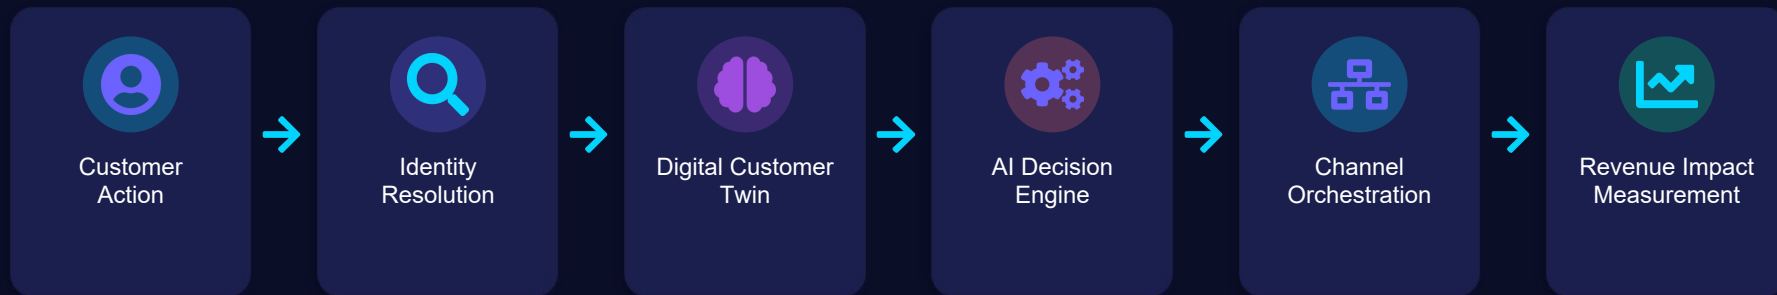

Customer messaging fatigue

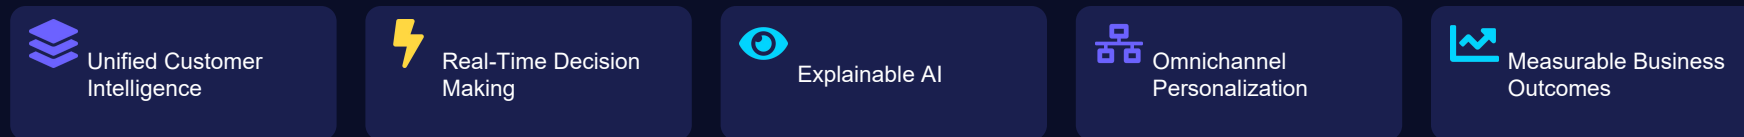

Poor attribution & ROI visibility

How can businesses understand every customer in real time and take the right action through the right channel at the right moment?

Introducing MarketTwin AI

customer action.*

AI That Doesn't Just Decide — It Explains

Layer 1: Conversion Prediction

Predicts likelihood of customer conversion based on behavioral signals

Layer 2: Channel Affinity

WhatsApp 87% • Email 64% • Push 12%

Layer 3: Next Best Action

Send Coupon → 0.988 • Loyalty Reward → 0.303 • Do Nothing → 0.050

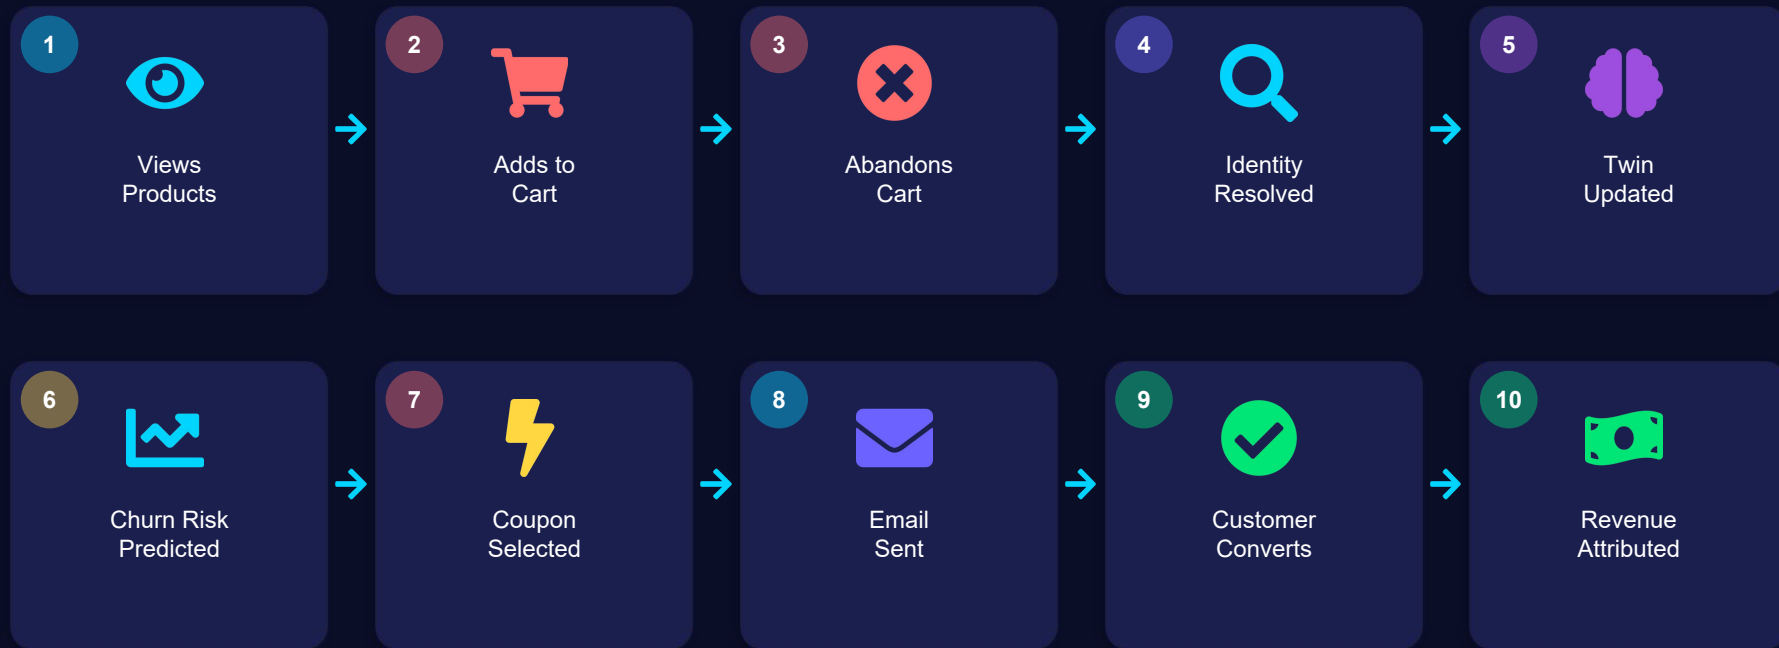

Layer 4: Policy Layer

WhatsApp predicted → Consent unavailable → Fallback: Email selected

Transparent AI decisions increase trust and adoption.

From Customer Action to Revenue Recovery
